

# Sponsorship Opportunities

What do we do? In a word – Help. Ad2OKC helps develop Oklahoma City’s young communications professionals by connecting them with peers, organizing events and projects that showcase their talents and getting them involved in the community. Outside of that, Ad2 is a division of the American Advertising Federation, the country’s largest advertising advocacy group, and on a more local level, it’s part of the Oklahoma City Advertising Club.

We are a diverse group of professionals under the age of 32 in the Advertising, Marketing and Public Relations industries. You will find creative directors, broadcast producers, and marketing researchers under the same roof at any given meeting! Our newsletters reach 200+ young professionals in the Greater Oklahoma City Metro Area and most of them follow us on Twitter, Facebook, MySpace and LinkedIn. We’d love to have your support and help you brand your business at the same time.
